EDUCATION

Bachelor of Technology (B.Tech.) – Computer Science & Engineering
[College Name], Galgotias College of Engineering and Technology
2028/06

- CGPA: 7.02 / 10.00
- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering

---

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript

Frontend: HTML, CSS, React.js

Backend: Node.js, Express.js

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code

Core Concepts: DSA, OOP, REST APIs, DBMS, Operating Systems, Computer Networks, Problem Solving

---

ONGOING PROJECTS

Project Name: StreamTube (A video streaming platform like YouTube)

Technologies: React.js • Node.js • Express.js • MongoDB

- Developed a responsive full-stack video streaming platform enabling users to upload, manage, and watch high-quality video content seamlessly.
- Implemented secure user authentication using JWT and bcrypt, incorporating role-based access control for content creators and viewers.
- Designed clean, modular RESTful APIs for video uploads, metadata management, user profiles, and interactive features like likes and comments.
- Improved platform responsiveness and reduced latency by optimizing MongoDB indexing, aggregating pipeline queries, and minimizing redundant backend API requests.

Projects

Project Name : Password Generator App

Technologies: React • JavaScript

- Built a web application for generation of strong password.
- Applied hooks for state changes, create components using props.
- Create clean and professional UI for better user experience.

Live link: https://password-generator-one-lemon-11.vercel.app/

Project Name: Currency Convertor

Technologies: HTML • CSS • JavaScript

- Designed and developed a responsive website which converts one currency to another.
- Implemented dynamic UI components using JavaScript.
- Use hooks for state changes.
- Implement API call for currency change rate data.

Live link: https://currency-converter-sigma-silk-74.vercel.app/

ACHIEVEMENTS

- Solved **120+** Data Structures & Algorithms problems on LeetCode.
- Participated in coding contests and hackathons.

LEADERSHIP & ACTIVITIES

- Member, Coding Club
- Volunteer, College Technical Fest
- Participated in hackathons and coding competitions

SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Communication
- Team Collaboration

- Time Management
- Adaptability

LANGUAGES

- English (Official)
- Hindi(Native)
